

# Optimum Tile Holder

Clean Install. Strong Hold.  
Professional Results.

Double-sided backsplash adhesive installation tape engineered for professional tile installations—the tape that eliminates messy mastic and delivers instant results.

## Why Contractors Choose Optimum Tile Holder

Traditional tile installation methods require messy mastic, lengthy curing times, and create potential for costly mistakes. Optimum Tile Holder eliminates these problems with revolutionary peel-and-stick technology.

Transform your tile installation process with confidence. This professional-grade adhesive tape bonds instantly, allows repositioning if needed, and creates a waterproof seal—no mixing, no waiting, no mess.

### Key Performance Benefits

- **Instant Installation:** No curing time necessary—tiles bond immediately upon application
- **Mess-Free Application:** Eliminates messy mastic and reduces cleanup time dramatically
- **Repositionable Design:** Tiles can be adjusted if misplacement occurs during installation.
- **Waterproof Seal:** Creates permanent waterproof barrier for wet environments

### Proven Applications Across Projects

#### Bathroom Renovations

- Tub and shower wall installations
- High-moisture ceramic tile applications

#### Kitchen Projects

- Backsplash installations behind sinks and stoves
- Countertop backsplash areas

#### Specialty Installations

- Fireplace surrounds and accent walls
- Any non-floor indoor ceramic tile projects

# Optimum Tile Holder

## Three Product Options

### Standard Installation Tape (BS-1215-ROLL)

- **Size:** 12" wide x 15' long
- **Best For:** Full backsplash and large tile installation projects

### Small Space Installation Tape (BS-315-ROLL)

- **Size:** 3" wide x 15' long
- **Best For:** Trim work, borders, and confined installation areas

### Seaming Tape (BS-Seam-2x37.5-ROLL)

- **Size:** 2" wide x 37.5' long
- **Best For:** Sealing joints between installation tape sections for complete waterproofing

## Key Benefits

- **No mixing or measuring** — ready to use straight from the roll
- **Instant bond** — tiles stick immediately with proper pressure
- **Forgiving installation** — repositionable if adjustment needed
- **Professional results** — clean, straight installations every time
- **Bulk discounts available** for contractors and volume purchasers
